C-2 Explodes Leaving Hangar, Is Destroyed; All in It Escape

Several Reported Injured in Mishap to Army Craft at San Antonio.

WIND CAUSES DISASTER

Full Catches Hinge Ship as It Is Emerging and Swings It Against Door, Causing Rip in Gas Bag; 20 Persons in Car at the Time.

By Associated Press.
SAN ANTONIO, Tex., Oct. 17.—The army dirigible C-2, carrying a score of persons, exploded and was destroyed by fire today at Brooks Field, near here.

All on board and nearby escaped without fatalities. Several were injured.

The C-2, preparing to resume its return journey of a trans-continental flight, was being towed out of a hangar when the wind caught her and threw her against a big door which ripped the gas bag. An instant later she was in flames.

With a score of persons on board the C-2 was unmoored and raised slightly above the door of the hangar. Crowds stood around the door and outside and at the first sign of danger they scattered in all directions.

Ben Baines, a reporter for the San Antonio Light, who was a passenger, though badly injured, telephoned the first account of the accident to reach this city and was then taken to a hospital.

"We were being towed out," he said, "and as the nose of the ship came outside of the hangar I noticed it sway a little with the wind and as it proceeded it careened to one side. When the ship was a little more than half way out the wind caught it with full force and carried it over to the west side of the entrance of the hangar. The wind let the big bag go and it dropped the bottom of the car, scraping the floor.

"Another puff of wind caught us and I decided to jump. I saw the big ship rent and heard the hissing of gas. There must have been another rent in the bag for the force of the escaping gas threw me violently to the floor. Then came the explosion. I was knocked down by some one running. The big bag was a mass of flames. All of the others must have got away before the explosion came."

CITY TO BUY OVERCOATS FOR POLICE FORCE

After much discussion City Council Monday night authorized partial payment by the city of the cost of overcoats for members of the police force. The city will pay all but \$5 of the cost of each coat, the price of which will be \$37.50 each. The coats will be of a design that will render them of no value for civilian wear.

Councilman J. A. Cypher, during the discussion, proposed an increase in salary for Chief W. E. DeLoit of the Fire Department to \$175 a month, dating from April 1, 1922, at which time an increase for the police chief was approved. Objected to this increase was the fact that it would over-run the budget. It was finally agreed that the increase would be taken care of at the beginning of the year. The fire chief at first objected to this, saying he had been offered a position paying \$220 a month.

Mayor Mitchell, it developed, paid \$180 out of his pocket for uniforms for the police recently. While Chief Peter M. Murphy, had arranged to pay \$150 personally toward the cost of overcoats should the policemen be compelled to wear the expense.

In defense of the request of the members of the department for coats, Mayor Mitchell said the department is more than paying its expenses in fines and receipts from other sources.

Soviet Troops Near Vladivostok

By Associated Press.
TOKIO, Oct. 17.—Special dispatches from Vladivostok report that city in imminent danger of invasion by soviet troops. Members of the Vladivostok "White" government have boarded a steamer, ready to depart.

General Dieterichs, commander of the "White" army is reported to have retreated to the Russo-Chinese border.

Train Schedule Changed.

Beginning tomorrow Baltimore & Annapolis No. 16 and 17 will be run between Chicago and Baltimore instead of Pittsburgh and Baltimore. The change in the running of the trains was made during the strike and according to railroad authorities all trains will be restored to their regular service within the next three weeks.

Garage Addition Under Way.

The addition to the Buick garage, East Crawford avenue, is going up rapidly and if the weather permits it should be completed within a week.

Agitation For Helium Gas Is Expected Now

By Associated Press.
WASHINGTON, Oct. 17.—Loss by fire of the army dirigible C-2 at San Antonio today following on the destruction at Hampton Roads several months ago of the giant airship Rona is expected by air service officials here to renew the agitation for development of non-combustible helium gas for use in all combustible lighter-than-air ships.

NEW YORK, Oct. 17.—Destruction by fire of the army dirigible C-2 at Brooks Field today marks the fourth spectacular loss of a big airship within less than two years.

On February 21 the Rona blew up over Hampton Roads on August 24, 1921, the ZR-2 built in England for the United States, burst into flames over Hull, England, with a death toll of 222; on January 24, 1921, the R-31, which made two trans-Atlantic voyages in 1919, was wrecked in a gale at Howden, England.

Daugherty Liquor Ruling Under Fire In Federal Court

By Associated Press.
NEW YORK, Oct. 17.—Whether the mere presence of liquor in sea stores on foreign vessels comes within the scope of the 18th Amendment and the national prohibition act is the real issue in Attorney General Daugherty's dry ship ruling, said Ben Veecher, counsel for the White Star Line in arguments today before Federal Judge Hand as to the validity of the ruling.

Mr. Veecher declared that foreign vessels had been allowed to carry liquor in their sea stores ever since prohibition became effective and that right was not questioned until October 6 when the Daugherty opinion was promulgated.

Royalist Papers Strongly Oppose Greek Republic

By Associated Press.
ATHENS, Oct. 17.—The campaign to make Greece a republic, launched after the return from Paris of the new foreign minister, Nicholas Voulgaris, prominent Venizelists, has strongly opposed the royalist newspapers.

Nea Himeria declares that, in its judgment, the Greek people will overwhelmingly oppose the idea of a republic in the coming election and that in any event they would distrust a republic presided over by M. Venizelos.

Bartender Arrested For Liquor Selling

On a warrant issued by local authorities, Patrolman C. E. Humbert yesterday arrested Frank Belsada, bartender at the Royal Hotel, a violation of the city liquor ordinance is charged and a hearing has been set for Saturday. The man posted a forfeit of \$100.

The infraction of the law for which the arrest was made is said to have been committed on Friday, October 13. It is also alleged that liquor was served in the place yesterday and that after the city had disposed of its case the county will enter prosecution.

Another Machine Goes Over at Poplar Grove

What is said to be the fifth accident of the kind in a year occurred Monday at Poplar Grove when the automobile of a Latrobe man missed the road at the crossing of the West Penn tracks at Stone Bridge and dashed down the embankment between the trolley and public good bridges.

Nobody was injured. "Travelling" car was held up for 45 minutes while the car was pulled up the bank.

Homestead Man Assassinated.

PITTSBURGH, Oct. 17.—County detectives were searching for an assassin, who early today killed Frank Hopkins as he was entering his residence at Homestead. Hopkins was opening the door when a taxicab drew up in front of the house. A hand holding a pistol appeared from within the cab. The bullet struck the victim in the abdomen.

Woman Sues West Penn.

PITTSBURGH, Oct. 17.—Mary Deedrick has filed suit against the West Penn Railways Company asking \$20,000 damages for injuries suffered May 10 when a street car or the defendant company, she charged, started before she had stepped to the street, causing her to be thrown.

HERBERT WILSON, 'MASTER CRIMINAL', ESCAPES PRISON

Another Murderer and Robber Make Clean Getaway at Los Angeles.

AUTOMOBILE IS SEIZED

By Associated Press.
LOS ANGELES, Cal., Oct. 17.—Herbert Wilson, known by police and federal operatives as the "master criminal," convicted of murder of his pal, Herbert Cox, escaped today from the county jail here with another convicted murderer, Adam Ward, and Guido Spikola, held on a robbery charge.

Outside the jail the three held up a postoffice employee and, taking his automobile from him, escaped.

The jail break was carefully timed for just before 7 o'clock, when the guards had been taken from the guards on changing shifts.

The jail breakers beat the night turnkey, Henry Pender, after having held up two inside guards.

RECEIPTS OF POLICE DEPT. \$100 A DAY

Police receipts for the month of October to date through fines and forfeits, have amounted to almost \$100 a day. This money has been collected from bootleggers and drunk motorists, with a few disorderly conduct cases and other charges being included.

Since Mayor Mitchell took office the receipts of the department have been over \$10,000, the mayor told City Council Monday night. The longest for the department was \$18,800.

Mrs. Hall and Her Brother, 'Willie' Being Questioned

By Associated Press.
NEW BRUNSWICK, N. J., Oct. 17.—Mrs. Frances Stevens Hall and her eccentric brother, Willie Stevens, were brought to the courthouse by Detective Fred David shortly after 1 o'clock today for further examination by authorities investigating the murder of Rev. Edward W. McKee at his home in Philadelphia.

Scottsdale Mar Bests Hold-Up Gang, Gets Watch

While on his way to work Monday morning about 2 o'clock Joe Dixon of Scottsdale, a machanic at the plant of the Scottsdale Furniture & Machine Company, was held up on the Evanson bridge by two men. After putting up a fight Dixon recovered his gold watch which the men had taken from him, it was said. His assailants made their escape.

S. A. Advisory Board Considers Drive Plans

At a meeting of the Connellsville District Advisory Board of the Salvation Army, held last evening, plans for the annual budget drive were considered but definite action along this line was deferred until this evening when a larger attendance of members is expected.

The meeting will be held at 7:30 o'clock in the council chamber, City Hall.

Army Flyer Killed When Plane Falls

By Associated Press.
SAN ANTONIO, Tex., Oct. 17.—Lieutenant Walter A. Hall, stationed at Kelly Field, was crushed to death this morning when his airplane fell from the sky.

He was flying a single-seater plane over the central part of the city and it crashed at the intersection of two highways.

Georgia Vote in Rain.

ATLANTA, Ga., Oct. 17.—Under cloudy skies and with rain falling in several sections of the state, Georgia voted in a special Democratic primary to nominate a successor for the late United States Senator Thomas E. Watson.

Medical Detachment Drill.

The Medical Detachment of the 110th Infantry will meet at the State Armory this evening at 7:30 o'clock for the regular weekly drill.

Furniture Warehouse Burned.

BRADDOCK, Oct. 7.—A furniture warehouse was destroyed by fire today. The loss was estimated at \$30,000.

Bone of Mastodon Found in Alaska

By Associated Press.
SEATTLE, Oct. 17.—"That Alaska once was a tropical region is said to be indicated by a bone three feet long, weighing 50 pounds, brought here by P. A. Swift, an old-time mining man, to present to the University of Washington. Swift found the bone in the bank of the Koyukuk river, 25 miles north of Bettles, Alaska, within the Arctic Circle. It was 25 feet in length and came to light in hydraulic mining operations. It is believed to be part of the skeleton of a mastodon.

KEPHART FINDINGS ATTACKED

By Associated Press.
HARRISBURG, Oct. 17.—Motions to strike down the four indictments against former State Treasurer Harmon M. Kephart, and demanding the proceedings on the ground that the officers alleged to be not indictable but one which the motions should be taken down, were filed in the Dauphin county court today by John G. Geyer, of counsel for the former treasurer and will be argued October 25. The trials are to begin November 25.

The motions were presented before all the Dauphin judges. Deputy Attorney General George Ross, who appeared for the county, is opposing the motions to the date for argument.

Four propositions are involved in Mr. Geyer's motions. He charges the information was made by County Detective W. L. Windsor, third son of Alderman W. L. Windsor, Jr., before whom the actions were filed; that the information should have returned the cases to the January quarter sessions instead of the September quarter sessions, the grand jury of which was sitting in the work of the hearing; that the offense charged are not indictable and that the law provides in such cases, the remedy should be by indictment. Statutory motions were filed in each of the four indictments.

It is set forth the alleged offenses are not a violation of an act of assembly but of the common law, that the indictments are marked by lack of precision and uncertainty and that there is a duplicity and also misjoinder of counts.

The papers presented also set forth that it was illegal under the act of May 13, 1917, to return a case to the September session under the circumstances that the grand jury given to the hearings and the attorney general's report on the audit sessions held by the audit general caused the matter to be in the mouths of everyone and had opportunity been given, members of the grand jury could have been challenged for cause because of reports they had formed expressed opinions in the cases.

Barracks in B. & O. Yards Is Destroyed

One of the buildings in the Baltimore & Ohio yards used for housing workmen, which had been taken from him, it was said. His assailants made their escape.

Poor Directors of State Gather Today

The 47th annual convention of the Pennsylvania Association of Directors of the Poor, Charities and Corrections, will open a two-day session today at the Hotel Hamilton in Harrisburg. Between 400 and 500 poor directors are expected to register for the meeting which will be held from today until Friday, October 20.

Killing Frost Tonight, Weather Bureau Forecast

A hard to killing frost for tonight is predicted in the main weather forecast today. To date there have been only two light frosts in this region. Practically all fruit plants, including flower garden specimens, have already been moved indoors. The cold spell of last night was followed by a severe frost this morning. The atmosphere seemed to indicate a snow storm in the offing but a clearing began about noon.

Shorter Route To Sandy Flat

A new temporary road between Connellsville and Normalville has been found extending from near Sandy Flat, the eastern terminus of the improvement of the Springville pike, to a point between Wilda road and Redstone, in Schuylkill road, making use of an old road long since abandoned, which follows the ridge by way of the old Schuylkill place.

Temperature Record.

Maximum 72 72
Minimum 64 40
Mean 68 56

The Yough river fell during the night from 74 of a foot to 70 of a foot.

Gibson Avenue Property Owners Repudiate Petition, Improvement Is Abandoned

Because lack in Gibson Avenue between Pittsburgh street and York avenue present their sides to that thoroughfare, instead of their fronts, the street will not be improved at this time. Hearing almost unanimous protests of property holders against awarding of the contract, bids for which had been opened a week ago, City Council Monday night laid the matter on the table, the action being equivalent to abandoning the project.

Acting as spokesman for the owners of property, Dr. L. P. McCormick, who presented a remonstrance signed by 10 of the 13 signers for the improvement, declared the cost would be approximately \$1,000 for each owner, owing to the fact that the lots extend lengthwise along the street, instead of fronting on it, and that the expense would be burdensome and in his case, would reduce the income from less than six per cent to a little less than nothing. "The cost, he said, would be over three times as much as if the lots fronted on the street. Each lot is on a corner, it was explained, and each extends to an alley dividing a square."

Dr. McCormick also explained that the petition for the improvement was signed under a misapprehension that Council planned to improve the street whether it was used by the owners or not. "In reply to this," Councilman C. M. Stone said that the ordinance was introduced and adopted by the understanding by Council that the improvement was desired and the petition would be signed later.

Members of Council were averse to carrying the proposed improvement but in the face of a most united opposition decided to abandon it.

MOTORISTS URGED TO APPLY EARLY FOR '23 LICENSES

A. E. Norton, Jr., secretary of the Youghiogheny Automobile Club, has received notice from Benjamin G. Egan, registrar of motor vehicles in Harrisburg, that the division will begin making licenses for 1923 on November 1, 1922, and urging that persons or corporations intending to operate vehicles next year make early application in order that delivery of the plates may be made before January 1, 1923.

Attention is called to the fact that 30,000 vehicles were registered on January 1, 1922, and that it is believed from the steady increase in the number of cars in the State that 100,000 should be registered by January 1, 1923. To make this possible it is set forth that motorists must cooperate to the extent of making applications in before Christmas. Delivery in 18 hours is not possible on applications received after December 25, 1922, the notice says.

Mr. Norton is notified that although a few minor changes have been made in some application forms for 1923, the plates will be the same as the plates of the present year in making next year's applications. In 1922, the letter "A" was not unusual for the State Highway Department to handle 25,000 applications and deposit \$25,000 daily, with all license plates going out in 18 hours.

A right change has been made in the registration card this year. The new card will be two and one-half inches wide by four inches long, making it more convenient for carrying in a wallet without being folded.

Harold K. Brooks Admitted to State Supreme Court Bar

Among the 75 attorneys admitted to practice in the Supreme Court of Pennsylvania on Monday, October 7, was Harold K. Brooks, son of Mr. and Mrs. Charles K. Brooks of Mt. Pleasant, and brother of C. W. Brooks, secretary, manager for the West Penn session, formerly of Connellsville, but now at Pittsburgh.

Mr. Brooks was for two years principal of the Dawson schools, later entered Allegheny College from which he was graduated with an A. B. degree in 1914. He studied law at the University of Pittsburgh from which he was graduated last June, and in the law office of Mr. C. W. Brooks, of Pittsburgh. He is a member of the Allegheny county bar and has his principal office at 411 and 413 Broadway, Pittsburgh.

Poor Directors of State Gather Today

The 47th annual convention of the Pennsylvania Association of Directors of the Poor, Charities and Corrections, will open a two-day session today at the Hotel Hamilton in Harrisburg. Between 400 and 500 poor directors are expected to register for the meeting which will be held from today until Friday, October 20.

The route is much shorter than that by way of Rich Hill, it was said.

LEGION MAY DEMAND WAR CHEST FUNDS

Proposal Agitated at National Convention in Session at New Orleans.

COURT DECISION IS CITED

National Adjutant Urges Local Commanders to Make Demand for All Such Money; Welfare of Disabled Service Men Foremost at Convention

By Associated Press.
NEW ORLEANS, Oct. 17.—With the declaration of Harford MacNider, national commander, that the American Legion regards the interests of the disabled former service men as its first responsibility, World War veterans began the second day's session of their convention here today with indications that the rehabilitation question would again be the chief topic of discussion.

The legionaires were considering the bulletin issued to all post commanders by Lemuel Bolles, national adjutant, advising them that millions of dollars collected during the war for the benefit of soldiers and sailors belonged to the Legion. After citing court cases and decisions asserting that the Legion was the one organization to disburse these funds, the national adjutant advised commanders to secure all war chest collections.

NEW ORLEANS, Oct. 17.—The American Legion in national convention here today heard Samuel Gompers, head of the American Federation of Labor tell of labor's aims and aspirations and what it believes its rights and duties are.

Mr. Gompers, and E. M. Landis, supreme commissioner of baseball, received a noisy welcome from the legionnaires when they entered the convention hall. The session was slow getting under way after a merry night. Numerous delegations marched over the ancient cobblestones which have been doing duty as paving almost since the days of Andrew Jackson.

DEATH COMES SUDDENLY TO JOHN D. STOREY

John Dean Storey, 70 years old, resident of Connellsville for many years and well known painter and paper hanger, dropped dead Monday afternoon at 4:30 o'clock in Trout's Meat Market in East Crawford avenue. Mr. Storey stopped in the store on his way home from work and after joking with Mr. Trout he was stricken suddenly, falling to the floor and was dead when Mr. Trout reached his side.

A physician arrived a few minutes later. Since he had always enjoyed good health, Mr. Storey's death came as a great shock to the members of his family and the community. He complained Sunday night of a smothering sensation but on Monday morning had apparently recovered and was in the best of spirits when he left for work. His last meal, which he had taken with him, and did not complain of feeling ill.

Mr. Storey was born in Brownsville, April 22, 1852, a son of the late Mr. and Mrs. William Storey. He was reared there and at the age of 20 years he located at Dunbar, moving from that place to Connellsville 30 years ago. He had followed the occupation of a painter and paper hanger since his early manhood. He was married in 1871 to Miss Eliza Stroud, daughter of Mr. and Mrs. William Stroud of Dunbar and his was the first death in the family. Mr. Storey was of a jovial disposition and was respected and admired by all who knew him. He is survived by his wife, the following children, Mrs. Charles Hazlett of Charleroi, Mrs. M. B. Storey and Miss Ruth Storey at home, Mrs. Walter Backus, W. S. Storey and Charles S. Storey, all of Connellsville; two sisters, Mrs. Elizabeth Stroud of Brownsville and Mrs. Rebecca Schick of Hartford City, Ind. one brother, Matthew Storey of Jannette, and seven grandchildren.

The body was prepared for burial by Funeral Director J. E. Sims and removed to the family home, 523 North Pittsburgh street, where the funeral services will be held Thursday at 7:30 o'clock. Rev. George Walker Backner, pastor of the Christian Church, will officiate. The interment will be made in Hill Grove cemetery.

Masontown Man Given Two to Four Years in Prison

Thornton Coleman, who was alleged to have fired on Wayne and Coy Davis near Masontown several weeks ago, was sentenced today by Judge Reppert to serve two to four years in hard labor and solitary confinement in the Western Penitentiary.

George Carl, convicted of second degree murder for killing John Toombs at Arnold, Pa., was sentenced by Judge J. Q. Van Swearingen to two to three years in prison. A divorce was granted to Miss Connelley of South Connellsville in her suit against Charles Connelley. Divorces were granted also in the following cases: Julia Adams, Uniontown, against G. Adams; Elma M. Bowers, Uniontown, against Lloyd Bowers; Myra Wendell, Belle Vernon, against Romulo Wendell.

City Asked to Pay for Damage to Automobile

O. O. Becker, whose automobile was damaged when a machine in which City of W. E. DeLoit and another member of the Fire Department were riding collided with it on the Crawford avenue bridge Sunday, asked City Council last night to reimburse him for the cost of materials for repairs.

Fire Chief W. E. DeLoit said the driver of the car ran a head of the machine in which he was traveling to the fire. He said the Becker machine was traveling more than 35 miles an hour and that when it was halted suddenly on a sign from the watchman his car ran into it.

New 10th Officers.

Ted J. Smith of Mount Pleasant has been advanced to first lieutenant and assigned to Company E, 110th Infantry, Pennsylvania National Guard. Harry J. Cain also of Mount Pleasant has been recommended second lieutenant and assigned to the same unit. Captain James E. Den of Monaca, Pa. has been promoted to major and assigned to the Third Battalion, 110th Infantry.

Two Drunks Fined.

Two drunks were arrested over night and both paid fine of \$10 in police court this morning.

LEGATES GIVE REPORT OF STATE LIBERATION MILITARY
 Interesting reports of the annual convention of the State Federation of Pennsylvania Women held last week in Reading Pa. featured the semi-monthly meeting of the Women's Culture Club held Monday afternoon in the Carnegie Free Library. Miss Rebecca Satter (delegates) reported the first part of the meeting and Dr. Ruth M. Winkfield, president of the club, also a delegate, the second part, giving news from the address of Dr. Thomas B. Hinson, superintendent of instruction of the State of Pennsylvania. Seven new members, Mrs. T. F. Pridett, Mrs. W. P. Russell, Mrs. Clara Humber, Mrs. Jean Evans, Mrs. Parland, Mrs. I. H. Stevens, Mrs. Homer Davis and Miss Rose Arch, were received. Ralph Smithwick of Scranton, rendered several addresses in a very well-organized manner. A Pearl Buck was the accompanist. The next meeting will be held Monday night, October 20, in the Carnegie Free Library, instead of the previous Friday. The club is a very active organization and will be in the front of a Hallowe'en issue and party. The social committee will have charge.

Daily Fashion Hints

COAT FLOCK

Modestly with a quilted skirt and a simple belt. The skirt is made of a light material and has a simple belt. The skirt is made of a light material and has a simple belt.

Month League (Abolish)
 The monthly meeting of the Frothingham League of the First Methodist Episcopal Church was held last evening at the home of Edward Frothingham, the president in Clarksburg, West Side. Business of importance was transacted after which a social hour was held and refreshments were served.

Probably this is just the Information you have been seeking

HAS anyone ever told you that coffee and tea contain caffeine and their—which are well-known drugs, as any doctor can tell you?

If you are troubled with nervous headaches; if you lack energy; if you don't sleep soundly and restfully at night, it may be because of the coffee or tea you are drinking.

Why not test it out for yourself and see? Stop coffee or tea for a week or two. Drink Postum instead. See if this delicious, pure cereal beverage does not help build up your system by letting you get sound, deep sleep.

The rich, satisfying flavor of Postum will surprise and please you—and like thousands of former coffee-drinkers you may never go back to coffee-drinking again.

Ask your grocer today for Postum. Have it served piping hot, in all its rich, aromatic fragrance—and see how well you like it!

Postum comes in two forms:—Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages, for those who prefer to make the drink while the meal is being prepared) made by boiling fully twenty minutes.

"There's a Reason"
for Postum

FISH THAT PROTECT BRIDGES

Mussels Are Used Also in a Great Many Parts of Europe for Building Sea Walls.

When you pluck a mussel from the roasting place it has chitin under a web that flings a rock it does not come away very easily for the shell is secured firmly to the rock by means of a mass of coarse threads. These form the cable by which the mussel anchors itself so securely that it can withstand the force of the strongest seas.

In its young days the mussel moves about with the best of them, but after a short period of gadding about it settles down in its spot for the rest of its existence.

So strong are the united threads of a colony of mussels that they are capable for building sea walls on the continent make considerable use of them says London Herald. If mussels can be induced to settle on the most exposed parts of the structure the roughest seas will do little harm for they bind the stones together so tightly that there is no fear that they will give way.

In England the bridge over the Torduff at Bideford in Devonshire could not remain standing if it were not for the mussels which hold its foundations together.

When the bridge was in danger of giving way many years ago a genius had the idea of depositing barrels of mussels round its piers. The experiment was tried with success and the bridge stands firm to this day. Supplies of mussels are put down from time to time.

"According to Hoyle"
 Edmund Hoyle (1692-1769) was an English writer on cards and other card games. He was the first man to systematize the laws of whist and for a time he supported himself by teaching the game. His famous "Short Treatise on Whist" appeared in London in 1742. Since for other games followed and his book of games which included a "Short Treatise" has passed into many editions. His name has become proverbial and Hoyle's a common speech means a book of rules and instructions for card games especially the famous old book edited by Hoyle himself. The common expression according to Hoyle means following the rules laid down in Hoyle's authoritative strictures in a game following the recognized sport of enterprise "playing the game."

NEWS OF DAY AT SCOTSDALE BRIEFLY TOLD

Funeral of George Sweltzer
Will Be Held This
Evening.

LEGION AUXILIARY BALL

Special to The Courier.
SCOTSDALE, Oct. 17.—Funeral services for George Sweltzer will be held at the home of Mrs. Ida Koppen, 624 Parker avenue, this evening at 7:45 o'clock, in charge of Rev. Aaron Loucks. The body will be shipped in the morning to Conneville where interment will be made. Mr. Sweltzer is survived by the following sisters, Mrs. Ida Koppen, Scottdale; Mrs. Lillian Schrock, Barronsville; Mrs. Lillian Fidler, McKeesport; and Mrs. Bert Gager, Niagara Falls. Mr. Sweltzer was fatally injured Sunday night when his car started while he was cranking it, carrying him into the creek at the foot of Chestnut street.

Ball Plans Completed.
Preparations have been completed for the masquerade ball to be held by the Ladies' Auxiliary of the American Legion at the Legion room on Friday evening. An invitation is extended to all members of the American Legion and to all members of the auxiliary to be present.

Birthday Dinner.
Mrs. Fred Lentz entertained at a birthday dinner at her home at Evergreen Sunday in observance of the 63rd birthday anniversary of her husband, Fred Lentz. Among the guests were Mr. and Mrs. David Cramer of Latrobe; Mr. and Mrs. Harry Cramer and son, Harry, of Scottdale; Mr. and Mrs. M. S. Cadden of Conneville; Mrs. Rachel Downs and Mr. and Mrs. Orange Miller, of Scottdale.

To Pack Box For Home.
The Woman's Missionary Society of the Lutheran Church will meet Wednesday evening. The subject will be "Training Our Forces." Mrs. I. B. Henderson will be the leader, and Mrs. G. F. Ullery the hostess. At this time a box will be packed for the Epileptic Home at Rochester. All are requested to send donations before the meeting.

Missionary Conference.
The 41st annual convention of the Woman's Home Missionary Society of the Methodist Episcopal Church will be held in Emory Church, Highland avenue, Pittsburgh, October 18-25. Between 400 and 500 delegates and many visitors from all parts of the United States, Alaska and Porto Rico are expected. Mrs. William P. Thirkield, of Cambridge, Mass., national president, will preside at the sessions. Mrs. C. A. Colborn will be the delegate from the Allegheny district, which embraces Westmoreland county. Others who will go will be Mrs. J. T. Kethley, Mrs. O. I. Hess and Mrs. C. A. Bloom. Mrs. McCombs of Conneville will be a member of the Scottdale party.

Infant Dies.
Mary Fratto, the year-old daughter of Mr. and Mrs. Peter Fratto of Kieferstown, died yesterday. The funeral service was held at St. John's Church this morning.

Masquerade Parties and Halloween Crowds, Attention.

We have the largest line in this vicinity, domestic and imported masques, suits, hats, wigs and the finest you have ever seen, at lowest prices. S. Weaver, next to Waiting Room.—Advertisement—17, 21, 24, 26, 28 & 320.

The Beauty of Kid The Softness of Suede in Kayser Chamoisette Gloves

There is no glove material
like Kayser Chamoisette

It has a deep, soft, rich-looking texture that you like to look at and touch. When you wear Kayser Chamoisette Gloves the effect is really the same as if you were wearing the finest kind of suede.

Every Kayser Chamoisette Glove is made with the same precision and care that have made Kayser Gloves famous all over the world. That means a shapeliness and a graceful fit that you'd expect only in the finest gloves made.

Another thing—the way "Chamoisette"

stands the wear—you wouldn't believe that even a leather glove could give so much wear.

Kayser Chamoisette Gloves are noted especially for the way they wash. It is an easy, simple little job to wash them out, and there is such satisfaction in the way washing restores the look of newness that the gloves had when they were first bought.

You won't get the good looks and that style and long wear unless you look for the Kayser name on the hem, because there is no "Chamoisette" except Kayser Chamoisette.

TUESDAY EVENING, OCT. 17, 1932.

THE 400 TO WHICH YOU BELONG.

The celebration of Halloween has become to be so much of an institution in Connelville, and an occasion for much wholesome fun for the children and interest for the grown-ups, that the appeal of Mayor Mitchell for funds to provide the prizes ought to have ready and willing response from hundreds of citizens.

Only about \$400 is needed, to provide which no one person will be asked or expected to contribute a large sum. In fact, it is preferred that the amount will be raised by subscriptions ranging from \$1 up to order that as large a number of persons as possible may have opportunity to join in securing the success of the undertaking in the important particular of awarding the prize winners. The firemen have volunteered to again take charge of the parade and their experience over a period of several years is a guarantee that the celebration this year will measure up to, if not surpass, the usual standards.

It is but fair, therefore, that the services of the firemen be given appreciation and the youngsters encouraged to a same celebration of the occasion, which can be done in no better way than by making the necessary provisions as to finances.

Throughout the business people of the city have been almost the sole contributors to this fund, complying in good spirit and with utmost willingness with the requests of the solicitors from year to year. The business people having been called upon for almost every money-raising scheme, Mayor Mitchell is not asking too much when requesting that citizens generously share in providing the Halloween fund this year.

As a parent of children you should count yourself one of 100 or more who will give \$1 each in order to supply the one thing needful to make his year's Halloween all the youngsters expect it to be as an evening of un-making.

There is need to observe a whole week of Sundays as automobile accident prevention week.

The commercial travelers finding Connelville a good town in which to meet business people naturally found it a good place in which to meet members of their own brotherhood.

If Fuel Distributor Spens succeeds in establishing a solid train movement of coal to distributing points he will simply be following precedent in the Connelville region where the handling of similar trains of coke became the order several years ago.

With subscriptions for the government's refunding bonds aggregating three times the amount of the issue it would appear that Uncle Sam's credit has suffered no impairment by the application by the Republican administration of business principles to the conduct of affairs.

CREEDS.

I care not what his creed may be
Nor what his caste or clan,
He still shall be a friend to me
If he but play the man.

No barrier of creed shall fling
Its prejudice before
The honest man who comes to bring
His friendship to my door.

If he be gentle, brave and true,
And stand with head erect
This friend he is entitled to
My friendship and respect.

And if he be ill-mannered here
Sulky and speak the lies
I shall not hold his conscience clear
Because he prays as I.

I shall not bother with the shame
Of any sinful deed,
Or seek to gloss a tarnished name
With flattery of a creed.

I shall not ask his form of prayer
Nor what his church may be,
The good man, kind and just and fair,
Shall find a friend in me.

At the Theatres

THE SOISSON.

"YOUR BEST FRIEND" with Vera Gordon, the famous, portray of mother roles as the star, is the leading picture today and tomorrow at this theatre. In this story Miss Gordon is said to have been afforded another opportunity to reveal her dramatic ability. The name of Miss Gordon has been linked on both stage and screen with "mother parts" and in her latest picture she will not disappoint her countless admirers. For she is seen in the role of Mrs. Meyers, a widow whose every expression denotes a very precious pearl of palishp. Mrs. Meyers has two sons, one an ambitious young lawyer, the other a reckless but otherwise hard-working young man. Despite the fact that she lavishes her hard earned savings on both, sons the first takes her completely by surprise by introducing his wife, and the second frightens her with the statement that he has absconded with his firm's money. In addition to these two trying predicaments her daughter-in-law snubs her and ridicules her modestly furnished home. To please her ambitious son and equally socially crazed daughter-in-law, Mrs. Meyers moves from her modest home to one among the "big" members of West End. Here she undergoes many trials and tribulations, but in the final reckoning her true worth is completely understood by her daughter-in-law.

Thursday, Friday and Saturday "The Crossroads of New York" will be shown.

THE PARAMOUNT.

"A WONDERFUL LIFE" which is being shown today at this theatre is a special Universal attraction starring Miss Dupont.

Stories without number have been written about the cases of men lost and never found in the Dark Continent's under folds when fever attacked them. The human mind is weak under the influence of such fact and many a man has gone into Africa thinking so fearfully of the fatal fevers that he caught them at once and died.

When the fever itself has held of an intrepid explorer of the jungle, the first thing it does is to drive him madly crazy. He wants to get away from his party, to dash out into the tangled undergrowth and find his way from the sight of all other humans. Sometimes a man so demented will seek from the line of march. He won't be missed. He probably never will be found, for he may have strayed far enough in a half hour's time to be beyond finding.

"A Wonderful Wife" is from a novel by Holt Wyland, of a British army post on an island off the coast of Africa. Miss duPont is the exquisite blonde leading woman of the Universal-Jewel sensation "Foolish Wives," which was made under Fritz von Stroheim's direction in 18 months costing \$1,400,000.

Wednesday and Thursday Frank May will be featured in "The Man Who Married His Own Wife."

THE ORPHEUM.

"RENT FREE" showing today at this theatre is a Paramount picture starring Wallace Reid the popular screen actor. In these days of high rents and profiteering landlords, "Rent Free" starts an audience off with a happy thought and succeeds in keeping them laughing to the final fade-out. There is a lively plot and plenty of action, a good deal of which supposedly takes place on the roofs of two New York rooming houses. Wallace Reid plays the young artist who haunts for himself rather than study in the law office of his father. To get the better of the rent problem he moves up on the roof and later establishes himself in a house the owners of which are away. There he finds a mysterious note about a will, which is uncovered in the end of the story and awards the girl whom he has met in the meantime also a roof dweller, the home and estate of which she has been defrauded by her unscrupulous stepmother. Lila Leo plays the role of the girl and Henry Barrows, Gertrude Short, Lillian Leighton, Clarence Geldart, Claire McDowell and Lucien Littlefield are excellent in their portrayals. A wonderfully trained dog named "Pal," which plays in the picture, is a smart canine but one day between scenes of the picture the property man sent him on a wild goose chase which quite bewildered him.

Wednesday and Thursday Marion Davis will appear in "The Bride's Play."

SURE TO HELP SICK WOMEN

Mrs. Baker, So Much Benefited by Lydia E. Pinkham's Vegetable Compound, Anxious to Help Others

Lebanon, Indiana — "I was completely run down from women's troubles and stomach trouble and for a long time was hardly able to do my work. I had some friends who had taken Lydia E. Pinkham's Vegetable Compound, and they told me about it. I know what it has done for me and I recommend it to others, as I am sure it will be a great help to all sick women. It is a wonderful medicine, and I give you permission to use my testimonial and my photograph." — Mrs. LAMBA BAKER, 310 S. East St., Lebanon, Indiana.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject. Mrs. Baker calls it "a wonderful medicine." If you are suffering from women's troubles often have or feel all run down, without any ambition or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you as it has Mrs. Baker and many, many other women.

Money Back If "Gets-It" Fails

Nothing is so utterly needless as the suffering from itching, painful corns.

It is as easy to peel off a corn as to skin a banana. Touch it with "Gets-It" and the trick is done. For it is not a soft corn, but a corn or callus. All pain stops instantly and the corn or callus is loosened and soon can be lifted right off. Your money cheerfully refunded if it fails. But it never fails. Costs but a trifle. H. Lawrence & Co., Inc., Chicago. Sold in Connelville by H. Lawrence's Pharmacy, C. Moore, Connelville Drug Co.

Lecture at High School Hall on Christian Science

Lecturing at the High School Auditorium last evening on Christian Science, John C. Lathrop, representative of the board of trustees of the mother church in Boston, said in part:

"All persons desire a harmony of mind and body. All desire to escape here and now the seemingly endless trials and sorrows, the sickness and suffering, the fear, sin and death of mortal life. All want salvation and desire a present salvation from the ill and torments of the flesh. Christian Science is the guide-post pointing the direct way to this salvation."

Christian Science is more than the guide-post, it is also the conveyance. "Devil and error and matter, fear, sickness and death are outgrown by waking up from a false sense that we believed was true, and this false sense is changed by discovering the true sense of God, of man and the universe. It is only by discovering the truth in mathematics that you get rid of the error."

"Faith abolishes fear, and entirely changes your point of view. Christian Science calls matter error of material belief, because matter is the very opposite of spirit, which is all-in-all, and God never made anything unlike himself, spirit."

"Most mortals are limited in all their ways. They have a limited sense of health, of strength of life of supply and of love. Their happiness and joy are limited, and they hold a limited sense of God, of Christ of man and of Heaven. Fear accompanies this limited sense, for limitation and fear are companions, and are the logical effects of a limited material consciousness."

"Denying the reality of matter, dropping the material personal sense of God, and claiming the allness of spirit, the spiritual sense of Him as infinite life, truth and love gradually dawns upon the thought, and a new outlook on a new existence unfolds to the awakening thought."

"A Christian Scientist is learning how to work how to loose himself from sin how to awaken from materialism, how to launch feet to conquer disease and to destroy death. In short he is learning how to live, and is getting ready to live and is not getting ready to die."

"Most mortals are limited in all their ways. They have a limited sense of health, of strength of life of supply and of love. Their happiness and joy are limited, and they hold a limited sense of God, of Christ of man and of Heaven. WHAT IS HEALTH?

Webster says it is a state of being free from disease or pain, a hale and hearty condition. The chiropractor says it is a condition of being free from disease caused by pressure upon nerves at their point of exit from between joints of the backbone.

Until you know the condition of your spine—what the alignment of each joint is according to a careful analysis—you are not in position to take preventive measures against the diseases to which you are most subject.

AUGUST HIGHEST GASOLINE USAGE MONTH ON RECORD

Total Was 583,687,932 Gallons,
a Gain of 3.1 Per Cent
Over July.

MORE THAN PRODUCTION

Special to The Courier.

WASHINGTON, Oct. 17.—A new high record for consumption of gasoline in the United States was attained in the month of August, according to statistics compiled by the United States Bureau of Mines, which show a domestic usage of 583,687,932 gallons. Consumption of gasoline in August was 3.1 per cent greater than in July in which month a record consumption mark had also been established. Consumption figures for this August represent an increase of 18 per cent over the statistics for August 1921.

Production of gasoline during August amounted to 549,558,376 gallons. The figures represent a decrease of approximately 20,000,000 gallons, or 3.5 per cent from the July output, which set a new monthly record for gasoline manufacture. Stocks of gasoline on hand September 1 amounted to 708,738,310 gallons, a decrease of 69,000,000 gallons during the month.

Exports of gasoline in August amounted to 35,747,004 gallons, a decrease of 23,000,000 gallons compared with July. Imports were 2,829,052 gallons, a decrease of about 2,000,000 gallons. Shipments to insular possessions were 2,523,141 gallons.

During August the daily average of 1,571,000 barrels of oil run through the stills of 295 refineries reported to the Bureau of Mines as operating shows a decrease of 1.88 per cent in the amount of oil run and a decrease of 10, or 3.28 per cent, in the number of operating refineries as compared with July. Taking into consideration the greater decrease in the number of operating refineries, there is shown a relative increase of 1.95 per cent in the amount of oil run.

The kerosene output in August amounted to 184,282,897 gallons, a decrease of 4.4 per cent from the production for the previous month. Stocks of kerosene on hand September 1 were 285,520,131 gallons, a decrease of 12 per cent. Exports and shipments to insular possessions amounted to 87,118,297 gallons, an increase of 38,500,000 gallons over the July figures.

Production of gasoline and fuel oils in August amounted to 944,289,105 gallons, which is a slight decrease. Stocks of these oils on September 1 were 1,366,611,311 gallons, an increase of about 8,000,000 gallons.

The output of lubricating oils in August was 58,824,183 gallons, a decrease of about three per cent. Stocks of lubricating oils on hand September 1 amounted to 220,668,498 gallons, a decrease of 6,000,000 gallons. Exports and shipments to insular possessions amounted to 27,244,801 gallons.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home,
but it beats them all for
quick results.

Thousands of housewives have found that they can save two thirds of the money usually spent for cough preparations by using the well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal or prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2 1/2 ounces of Pinex from any drugist, pour it into a pint bottle and add plain granulated sugar syrup to make a full pint. If you prefer, use refined molasses, honey, or corn syrup in stead of sugar syrup. Either way, it is as good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and causes the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and grating cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., 211 N. 1st St., Ind.

WON'T GET A THING

Dick heard Mrs. Belding with

"There she's powerful particular

about that girl," observed Laddy.

"Yes, Tom, Nell knows she's pretty,

doesn't she?"

"She's liable to find it unless

you shut up, Laddy. When you visit

us out here some weeks ago, you

kept paying cowboy compliments to

her."

"An' it's your idea that cowboy

compliments are plumb bad for girls."

"Towaright bad, Laddy, so my wife

says."

"I'll be darned if I believe any girl

can be hurt by a little sweet talk.

It pleases 'em."

"Chop it," interrupted Belding.

"Here comes Nell now."

Dick's tingling ears took in the pat-

tern of light footsteps, the rush of

skirts, the rustle of dress.

"Here you are," cried a sweet, hus-

ky voice. "Dad, the sororita is per-

fectly lovely. I've been peeping at

her. She sleeps like—like death.

She's so white. Oh, I hope she won't

be ill. How strange, and sad, that

about her! Tell me, Laddy, Laddy,

can promises be kept to know?

Didn't you say the sororita had a

sweetheart?"

"Shore I did."

"Is he the young man who came

with you?"

"Nope. That fellow's the one who

saved the girl from Rojas."

"Ah! Where is he, Laddy?"

"He's in there asleep."

"To be—nice, Laddy?"

"Shore."

"What is he like?"

"Well, I'm not long acquainted,

never saw him by day, but I was some

tolerable took with him. An' Jim

here, Jim says the young man can

have his own 'n' his boss."

"Wonderful! Laddy, what on

earth did this stranger do to win you

cowboy's in just one night?"

"I'll shore have to tell you. Me an'

Kidney and Bladder Troubles HAVE TO GO

Clogged Up Kidney Deposits Are Dis-

solved and the Toxins (Poisons)

Completely Driven Out; Druggists

Told to Guarantee It in Every In-

stance.

"Your very life," says Dr. Carey, "de-

pends upon the perfect functioning and

health of your kidneys no matter how

you don't neglect them."

Dr. Carey's famous Prescription No.

777 (known for years as "Marble's") is

not recommended for everything, but

we cannot too strongly urge its use if

you suffer from annoying bladder

troubles, frequent passing of water

night and day, with smearing or irri-

tation, brick dust sediment or highly

colored urine, bleeding, irritability

with loss of flesh, or any other ten-

dency to Bright's Disease, Diabetes or

Gravel, for kidney disease in its worst

form may be standing upon you.

Don't wait until tomorrow to begin

the use of this wonderful preparation

now available in both liquid and tab-

let form if you have any of the above

symptoms. Kidney and bladder trou-

bles don't wear away. They will grow

upon you slowly, steadily and with

unfailing certainty. If you even sus-

pect that you are subject to Kidney

Disease, don't lose a single day for

Connellsville Drug Co. and every good

druggist has been authorized to return

the purchase money on the first big

benefit to all who use this remedy. Re-

ceive no benefit—Advertisement—out.

and these new-found friends.

Dick had taken but one step when

he was halted by laughter and the

pat of light feet. He saw a little

foot sweep into view, a white dress,

then the swiftly moving form of a

girl. She was looking backward.

"Dad, I shall fall in love with your

new ranger. I will—I have."

Then she plunged squarely into

Dick's arms.

Dick saw a fair face and dark

blue, audaciously flashing eyes. Swift

as lightning their expression changed

to surprise, fear, wonder. For an in-

stant they were level with Dick's

grave questioning. Suddenly, sweet-

ly, she blushed.

"Oh—"

Then the blush turned to a scarlet

fire. She whirled past him, and like

a white gleam was gone.

Dick became conscious of the quick-

ened beating of his heart. He experi-

enced a singular exhilaration. That

moment had been the one for which

he had been ripe, the event upon

which strange circumstances had

been rushing him.

"With a couple of strides he turned

the corner. Laddy and Lash were

there talking to a man of burly form.

"Hello, there's the young fellow,"

spoke up the burly man. "Mr. Gale,

I'm glad to meet you."

The greeting was as warm as his

handshake and longed for Lash to

saw a heavy man of medium height.

His head was large and covered with

fluffy locks. He wore a short-

cropped mustache and chin beard. His

skin was brown, and his dark eyes

beamed with a genial light.

"Young man, did you run into any-

thing as you came out?" asked Bel-

ding, with twinkling eyes.

"Why, yes, I met something white

and swift flying by," replied Dick.

"That was Nell Burton, my girl—

Stepdaughter, I should say," said Bel-

ding. "She's sure some whitebird, as

Laddy calls her. Come, let's go in

and meet the wife."

In Mrs. Belding, Dick found a wom-

an of noble proportions and striking

appearance. Her hair was white, she

had a strong, serious, well-defined

face that bore haunting evidence of

past beauty. The gaze she cast upon him

was almost piercing in its intensity.

Her greeting, which seemed to Dick

rather slow in coming, was kind

though not cordial. Gale's first

thought, after he had shaken these

good people for their hospitality, was

to inquire about Mercedes. Mrs. Bel-

ding said the girl had suffered no

great hardship, other than mental, and

would very soon be rested and well.

"Now, Gale," said Belding, when his

wife had excused herself to rest su-

per. "The boys, Jim and Laddy, told

me about you and the mix-up at Ca-

sita. I'll be glad to take care of the

girl. I'll be glad to get her out of the

country. That won't be very long, I

take me. I don't want to seem

over-curious about you—Laddy has

interested me in you—and straight

out I'd like to know what you propose

to do now."

(To be Continued.)

Get this right about the ROUND OAK PIPELESS HEATING SYSTEM

Guaranteed by the \$3,000,000 Round Oak Organization and Anderson-Loucks Hardware Co. Exclusive Dealers for Fayette County.

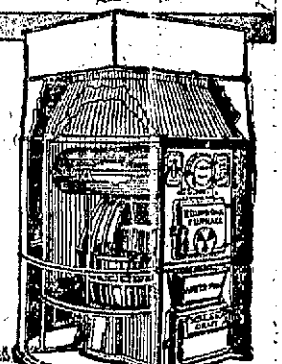

The "pipeless" part of the Round Oak NAME merely indicates the system upon which the heater operates

Plan NOW for comfortable furnace heat next winter. **ROUND OAK** Pipeless Furnace

NO STOVES ONE REGISTER HEATS ENTIRE HOUSE

INSTALLED IN 24 HOURS

NO HOUSE ALTERATIONS REQUIRED

BURNS ALL FUELS ECONOMICALLY

INVESTIGATE SAVE BY ORDERING NOW

In Spite of Its Low Price—

ROUND OAK PIPELESS HEATING SYSTEM

WILL GIVE YOU

Greater Comfort
More Healthful Warmth
Added Convenience
Absolute Cleanliness
Utmost Fuel-Saving Economy

Quickly floods your entire home with an abundant supply of pure, clean circulating moistened warmth, from only one register.

Burns coal or wood and saves one-third to one-half of your fuel bill.

Requires no space in your living rooms and the least possible space in your basement.

Easiest and quickest to install in old or new houses, stores, churches, garages, etc.

Easiest and most convenient to operate.

Does not waste heat in your basement or damage any fruits or vegetables stored there.

Sold and installed from blue print plans of each house which are supplied by the Manufacturer's Trained Heating Engineers—with their guarantee and ours.

Will last a generation barring abuse, and pay for itself over and over again.

A simple principle of Nature which anyone may employ by surrounding something hot (a stove for instance) with metal casings to form air channels which cause and stimulate rapid circulation of the heat.

There is no mechanical genius required to demonstrate the principle in a crude way—to your own satisfaction. But to build a heating unit of sufficient capacity to heat a house of 4 to 18 rooms—to build it of the right quality materials and enough of them to withstand intense heat for many, many years—to fit the parts so accurately that absolute cleanliness and maximum fuel economy will be assured—and to embody the scientific features which add the certainty of comfortable warmth with convenience of operation—to combine these several factors so that the result is a real year-after year heating system—this is another matter.

The idea is somewhat new here, and many are under the impression that all "pipeless heaters" are alike in construction and performance, whereas there is a most pronounced difference.

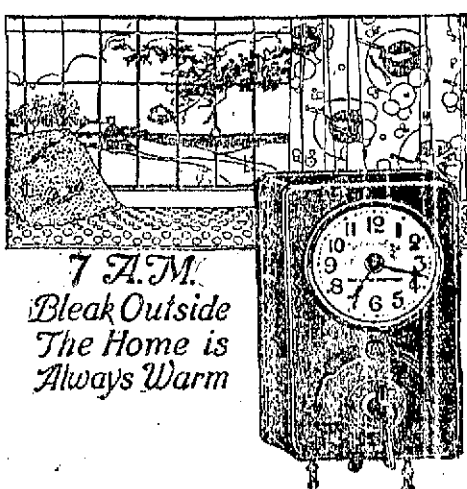

The merit claimed for the Round Oak, and vouched for by its many New England users, is not due entirely to the "pipeless principle" employed—but more especially to—Round Oak super-weight, precise fitting, and unusual construction—the things which have made the name "Round Oak" mean much more than a mere trade mark.

Based on the quality and quantity of what you get—based on the actual service and saving rendered in use, we believe the Round Oak to be the best value on the market. A safe, wise investment for those whose homes are adapted—and none others may own the Round Oak at any price!

We exercise the same care in their sale and installation that the makers use in the construction.

To thoroughly investigate the Round Oak and the Manufacturer's methods is to satisfy yourself that the comfort of your family as well as your dollars, are best invested in the Round Oak.

Can be quickly installed without troublesome alterations, and adds substantially more to selling or renting value of your property than its cost to you

We Install Both Pipe and Pipeless Heaters and Guarantee to Heat Your Home.

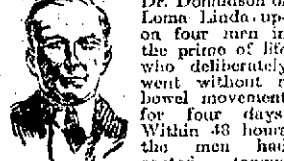

During the next 10 days we will give one of these heat regulators absolutely FREE with every furnace we sell. The factory engineer will be here during this SPECIAL DEMONSTRATION and you can have him examine your home by calling us at once (without cost to you). Why postpone making a profitable investment?

Spoonful for a Penny Brings Quick Relief

Prove splendid laxative properties of Dr. Caldwell's Syrup Pepsin by test

SCIENTIFIC test has now proven what Dr. Caldwell of Montreal asserted many years ago, that constipation will slow you up fully 25 per cent. The test was made by Dr. Donaldson of Loma Linda, upon four men in the prison of life who deliberately went without a bowel movement for four days. Within 48 hours the men had coated tongues and foul breath, cankers in the mouth, no appetite, restless sleep, indigestion, headache, dizziness, nervousness, cramps. The blood pressure was up 20 per cent. It is just this that Dr. Caldwell has preached to his patients in private and to the public through the printed word ever since he began the practice of his specialty, diseases of the stomach and bowels, back in 1875.

After observing for years the satisfactory effect of his prescription for constipation, he placed it in drug stores in 1892, a simple vegetable compound of Egyptian senna and pepsin with pleasant-tasting aromatics, now

ANY FAMILY MAY TRY IT FREE

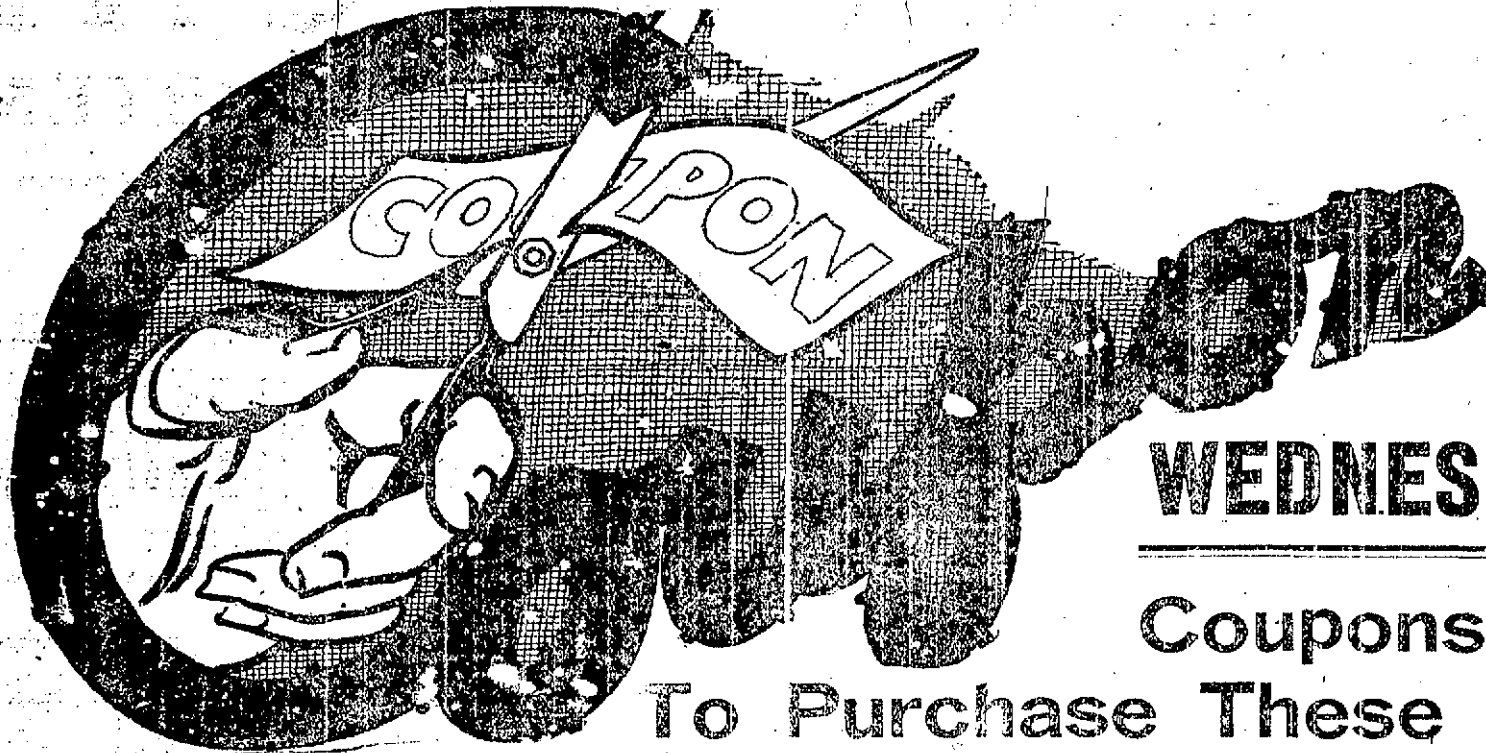

Thousands of parents are asking how to find a safe, reliable, and healthy laxative for their children. You can find it in Dr. Caldwell's Syrup Pepsin. I will gladly provide a brand free of charge on condition that you will write me where to send it. Write me where to send it. Write me where to send it. Write me where to send it.

Known as Dr. Caldwell's Syrup Pepsin. That was 30 years ago, and today over 10 million bottles are bought annually, the largest selling family laxative in the world. You will find it in any drug store you enter a generous-size bottle costing you less than a cent a dose.

Every member of the family from the infants to the grandparents can use it with safety. It is gentle and mild. The formula is on the package. Mrs. Roy Cook of Bellefonte, Pa., has been giving it to her 5-months old baby, who now weighs 15 pounds; and Mr. J. B. Dawson of Brinson, Ga., declares it the best laxative his family has ever found. Tre is a testimonial of Dr. Caldwell's Syrup Pepsin for constipation or any of its symptoms. The results will delight you. And the cost is only one cent a dose.

TAKE DR. CALDWELL'S SYRUP PEPSIN The family laxative

Tornadoes Must Have Support or Disband, Edict of The Coach

Game Saturday Against Hill Top "Y" to Be Loyalty Test.

COKERS BACK ON FIELD

A football game which should interest fans of Conneltsville and vicinity is the scheduled clash between the Tornadoes and the Hill Top Y. M. C. A. of Pittsburgh for Saturday. The Hill Toppers will be remembered as one of the fastest aggregations which played in this city last season and are reputed to be stronger than ever this year.

Coach B. C. Jones said today that unless the team is given far better support this week-end than it has been getting this year, it will be necessary to disband the team as it is already \$300 in the hole and is not

standing on the deficit. Crowds such as attended last season are not turning out this year, in spite of the fact that the Tornadoes are every bit as good and are playing only first rate teams. Some fans express disappointment at the support given the team because the game with Brownsville this year has been looked forward to and it is one of those instances which would close up last season.

As the Hill Top team is considered a leader among independent outfits in the Susquehanna Valley, it is felt followers of the game will turn out for that clash as well as any other and the decision on quitting or continuing the season will be gauged by the attendance Saturday. At Brownsville as many as two and three thousand persons attended the game.

The Tornadoes will present a somewhat different appearance this Saturday, it is pointed out, and the addition

will add great strength to the team.

High School Team Getting Ready to Meet Greensburg

Connellsville High School's football team held a meeting at the school building yesterday afternoon after school and discussed the errors and misplays of the Washington game. Talk also turned to the coming game

Bruises & Strains
by Sloan's

Sloan's blood circulating
 Sloan's draws fresh blood to the aching part - soothes congested tissues - relieves the pain. Stop suffering today Sloan's Liniment - kills pain!

with Greensburg at the Westmoreland county seat next Saturday.

For once the Coker aggregation is not preparing for the clash in a state of apprehension, but with a feeling that it has a chance. Greensburg has not looked like a world beater this year but nevertheless is a strong team. Hill and Guarino are the mainstays but aside from this pair there are no wondrous men on the eleven.

Date Whippley, captain of the High School team, said yesterday he was in pretty good condition despite the wrench he received in the Washington clash Saturday and hoped to be able to play against Greensburg.

Charley Horner, the bone of football players, are gathering several members of the squad at present.

A large number of Conneltsville football fans saw the game at Brownsville Sunday and are of the opinion that a great clash will mark the meeting of the Tornadoes with that team.

Washington hands Conneltsville credit for having one of the hardest high school teams to beat it has encountered. The boys are far from being downhearted over the defeat and in fact are more confident over the coming clash with Greensburg as a result.

Norfolk High School eleven will meet the Seaside team at Lunenburg Saturday afternoon. Preparations are being made for one of the greatest battles of the season.

South Conneltsville

SOUTH CONNELLSVILLE, Oct. 17—Mrs. Joseph Hill of South Pittsburgh, who returned to her home here Saturday afternoon after spending the

past week visiting friends and relatives at Charleston. Mrs. Hill was the guest of Mr. and Mrs. Joseph Wentzel during her visit there.

Joseph Hill spent the past week in Charleston, W. Va., on business returning Saturday.

Chestnuts are scarce this year, according to a party which consisted of Mr. and Mrs. W. F. Hartzel and sons, Harold and Billy, daughters, Hazel and Mabel, and Lewis Scollnick who went to Fort Hill over the week-end.

Glenn Caldwell, who had been ill for the past week with grip, has returned to his store.

Frank Hill of Pittsburgh spent the week-end as the guest of Mr. and Mrs. Joseph Hill of South Pittsburgh street.

Stanley Evans, son of Mr. and Mrs. J. J. Evans, is in McKeesport on business.

Confluence

CONNELLSVILLE, Oct. 17.—Mrs. H. P. Burnworth of Johnson Chapel, who has been very ill, is reported slightly improved.

Rev. and Mrs. J. H. Henry were here Saturday enroute to their home at Addison from a visit to McKeesport friends.

Mrs. W. S. Rubeck of McKeesport was here recently on her way to Lisbonburg to visit relatives.

Mr. and Mrs. Charles Stark left Saturday to visit their son-in-law and daughter at Palm Creek.

John Woodmancy was a week-end business visitor to Conneltsville.

G. H. Cunningham was a business visitor to Union.

The volunteer fire department has

purchased a \$250 electric fire whistle which will be placed in the tower of the new building.

W. H. Crockett of Humbert was here yesterday on his return from a business visit to Pittsburgh.

Mrs. Elizabeth Geyer, who has been in New York for several months, has arrived here on account of the illness of her sister, Mrs. H. P. Burnworth of Johnson Chapel.

A. E. Frank has returned from a visit with friends in Pittsburgh.

ACT QUICKLY

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger, Doan's Kidney Pills are most effective. Ask your neighbor!

Plenty of Conneltsville evidence of their worth.

Mrs. D. B. Glass, 334 E. Gibson St., Conneltsville, says: "Last winter was in a run down condition. My kidneys were disordered and caused me a lot of trouble. My back ached steadily, making in every week and I was nervous. I also suffered from headaches, spells of dizziness and was tired and worn out all the time. I had previously cured my little daughter of a severe case of kidney trouble with Doan's Kidney Pills and so I took them. They entirely rid me of the trouble. I am never without Doan's Kidney Pills and think there is nothing like them."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Glass had. Foster-McMillan Co., Alfred, Buffalo, N. Y.—Advertisement

NEWS OF DAY AT MOUNT PLEASANT BRIEFLY RELATED

Mrs. Mary Wilson, 86 Years
Old, Dies at Home at
Grandz Mills.

DRIVER HURT IN RUNAWAY

Special to The Courier.
MOUNT PLEASANT, Oct. 17.—Mrs. Mary Wilson, 86 years old, died Sunday evening at the home of her son, Harry H. Wilson, at Grandz Mills, after a lingering illness. The body was brought to Zimmerman's undertaking rooms yesterday morning and taken last evening to the home of her son, Joseph Wilson, in the Duncan plan. She is survived by the two sons above named. The funeral service will be held at the Baptist Church on Wednesday afternoon and interment will

be made in the Mount Pleasant Cemetery.

Driver Injured.
Stanley Patchko, driver of the wagon for the Hove Cash Bakery, was injured yesterday when his horses ran off and he was thrown out. He was severely cut about the thigh with glass broken from the wagon. He was taken to the Memorial Hospital. John Martha Buys.

John Martha Buys purchased the Prester Hurst home in West Smithfield street.

Personal News.
Mr. and Mrs. M. O. Hopwood went to Johnstown Sunday to attend the I. O. O. F. meeting and visit Mrs. Hopwood's mother, Mrs. Boyet. Mr. and Mrs. C. B. Caple left this morning for Johnstown to attend the I. O. O. F. meeting. Charles Wilson of Wheeling is visiting at the home of his father, Joseph Wilson. Mrs. Jeannette Patis returned to Warren Ohio yesterday after spending the week-end with her father, Robert Hood.

News That Predicts A Brilliant Season—

Topping the Coat Mode—

are topcoats in English Tweed. They are smart in every detail, with their raglan shoulders, wide sleeves (that can't muss a frock) and warm roomy collars. You will find them indispensable for motor-ing, morning and general wear. Other desirable coats come in pretty Tweed mixtures. You'll not be able to fully realize their comfort and charm until you've tried one on. Coat prices begin as low as \$10—the English Tweeds are being featured at—

\$35.00

Wolf! Wolf!

No fur trimming is more becoming or more popular this season than the ever adorable Wolf. Especially when it joins force with one of the soft, happy woollens—Pantvelaine Arabella, Coralura or Gerona. When you favor wool you are doubly fortified against the wiles of the weather and the disapproval of fashion. Dressed models, wolf trimmed, are here in gay profusion. Their prices are

\$75—\$95—\$125

Without Trimming

certainly doesn't mean without charm. The season's cloth coats ably prove it. They are exquisitely rich in style and fabric with collars that may be drawn up about one's neck to the total exclusion of winter chill. Tunesian is a new brown tone. Burgandy is the color of rare old wine. Many a model is caught a bit to the side by a bright metallic clasp. The materials are deep pile and luxurious. You'll love the! These smart models, combining durability with distinction are priced—

\$49.75—\$75—\$95

Velvet Soft—

is the watch word of fashionable coat materials. It thrills you even to touch them. Ormendale a newcomer in fabrics, is trimmed with caracul. Ostils is blended with Persian Lambtex, a very new fabric fur takes to itself a great wolf collar. And when such fabrics unite with such furs in a manner approved of fashion you have a creation that cannot help but bring joy to every woman's heart. They can meet the demands of any clothing allowance at—

\$29.75—\$95 to \$175

Dame Fashion's Latest Story Is Told in Stunning Frocks

SHE DEVOTES one chapter to the soft cascading lines of the new draperies. Another to the refreshing change from short to ankle skirt lengths. A third to a tale of sleeves, which cease to be short or no sleeves at all to reappear, long in length, and vivified with brand and embroideries in self or peasant colors.

The rest of the book is given over to how these new modes will become you. There can be no doubt about it. They are glorifying womanhood.

Trim little frocks in Poirer Twill that should be working in an office or teaching school offer you one of the season's better values. They are quite carefully made; their material is durable and they have good sense enough to be appealing to the eye.

\$9.95

Brown Jersey. A modish collar finished with silken braid. A trig leather belt. —Trocene. A vestee effect and gay sleeve lining of scarlet Canton. A bright Japanese plaque at ones grille. These are the style notes you may expect to find should you come here seeking a frock at—

\$15.00

Here's a model flaunting a new star edged collar (in navy Poirer Twill, by the way) that has the good grace to trim itself with the braid and a clever petal girdle. Two piece costumes in mohawk and navy jersey unite an overblouse effect, curiously embroidered, with pleated skirt.

\$19.75

Modes for masses—and for matrons. Canton Crepe, Wool Crepe, Poirer Twill. Fashions for street wear or the affairs of an afternoon. (One of the cleverest has a velvet skirt and adorable bodice in figured blue Canton). No doubt you'll want two of them at

\$25.00

Metalasse that intriguing puckered fabric, is the foundation of a popular style trend. It may appear as trimming at collar or on sleeves. It may serve as an attached panel. Or it may join forces with a will fabric skirt and blouse itself in an utterly entrancing manner. All at—

\$29.75

All the smarter for the novelty, the beads that form four little ornaments where skirt meets bodice—is this charming mode in black Canton Crepe. Another pretty thing in a line quality of Poirer Twill favors Persia in its embroideries. But two of the model, we hold for you at—

\$39.75

Like anything else that's new, the Mode of 1922 had to be given a bit of time to get its bearings.

New Mid-October brings the true of year when fashions are established—when you may seek smart things-to-wear, fully assured that they will be in strict accordance with the mode throughout the coming season.

Hadn't you better seek them here where Variety and Value are holding the mirror up to Fashion?

How envious eyes will turn your way when you have become the owner of this dream frock in brown Canton! Prettily pleated, front and back. Unusual ornaments at either hip. Distinctive! In another model the glint of steel scintillates from the banding that forms most of its sleeves. At

\$45.00

Roshanara Crepe comes in a bowing in a semi-tailored frock that is something to wish for. For the large woman there's black Canton with a daring girdle, that helps to slenderize, aided and abetted by two pleated panels hanging at either side. Both are proud representatives of our showing at—

\$49.75

The final tableau presents a model with sleeves slashed very nearly from the shoulder and lined in vibrant mohawk Canton. They snap together—cuff-like—at one's wrist. The Poirer Twill appears in a model for large women. Two of the many creations we feature at—

\$55 and \$59.50

Apparel Sections, Second Floor
